Dine: The Restaurant at Wente Vineyards

If you haven't heard about our new Local Menu...

The Restaurant at Wente Vineyards invites you to experience "The Local Menu" featuring ingredients handpicked from our beautiful 1000 square-foot herb and vegetable garden. Executive Chef Eric Berg brings a rustic slant to the new menu, offering a delicious choice of seasonal dishes created with ingredients so local that they come from the garden just steps

Those looking to grab a quick meal with quality and flavor, the two-course lunch for \$19 is available from Monday to Friday. For dinner, The Local Menu will feature three delicious courses for only \$29, available Sunday to Wednesday. Each week new dishes will be showcased on the menu dependent upon the changing nature of the garden. Wine pairings with each course will also be available for both lunch and dinner for an additional cost.

With a 'straight from the farm' approach, the Local Menu offers a delightful array of dishes inspired by spring and the Wente Estate's garden. Example menu items include succulent Braised Pozzi Ranch Spring Lamb garnished with garden-sourced fava beans and onions, as well as desserts using the honey made from Wente Estate's resident bees.
